P.S. Perhaps I have been unjust to Schlesinger in the above & I rope it is a touching passion. I shall only ask Goissen for 200 300 dollars. Be sure and write by the next steamer addressing posts restante, Paris, and also by Giessen. Whitney would lend me if he could but has not the means. I should not write to Goissen if he had not once before in Flaming [illegible] pecuniary assistance which I might require as it is I have no other resource, and I can repay him when I get money in Paris. Be sure to write posts restante Paris otherwise I shall not receive the letter.
