visit you, the ensuing winter if not before. Your Brothers are well and will be at home during a part of the month of November. With love to Mrs Gibbs & respects to all friends I remain affd yrs

Oliv. Wolcott

Mrs Laura Gibbs

P.S. I have suffered considerably for 10 days in consequence of omitting to increase my Cloathing in proportion to the change of season. This furnishes me a good text for advice to you: I hope you will never know how much easier it is to preserve health, than to regain it. To do the first it is necessary to wear warm Cloathing - remember, that the outside dresses of Ladies are ornaments & that they ought not to be considered as substitutes in any degree for Cloathing. I visited Capt. Hall this day & he enquired kindly after you & M.G. -

Yrs. O.W.
