New York June 8th 1812 1812

Dear Laura.

I rec.d your Letter, but have been too busy to reply to it:- to morrow I go to Philadelphia with Eliza, we shall return here on Sunday or Monday when we shall hope to hear from you: For such articles of Furniture as you purchase at Boston, you may draw on me, when you please.

Tell Col.o Gibbs, that I understand there is a woolen Factory at North Hampton, which it will be well for him to visit:- my Brother is hesitating between deciding in favour of the place at Litchfield and one about twenty miles distant;- I think it will be best to fix at Litchfield, it being so much nearer our other property:- Love to G. &c.

Yrs. affectionately

Chas. Wolcott

P.S. I hope G. will be able to visit Litchfield, before you proceed on your summer excursion-
