Newport Febry 10th 1815

In my letter from Boston, informed you of my
ntions of coming here — and have attended to all which regarded
estate & your Mothers, that came to my mind — I have found
more difficulty than ever from the times in collecting from the Tenants —
I read a letter and acct from Mr March ant since I came here, informing
of his having collected from # Bannister Twelve dolls & I suppose for the rent
year before last, which I credit you with — what may be due from him
& Mr Ruggles, if you request Mr Clarke he will collect it
I have left for Mr Hazard the Deeds, and given him statement of the amot
due on the Mortgages on the Crary House; but I would not ascertain the time
you occupied it; I wish therefore you would write Mr Hazard, so that he may
receive it before the first of March, informing him the time you occupied
this estate, that he may fill up that blank in my statement for rents;
and should you have expended on repairs, send him an account of them,
as they will be deducted from the rents — I have desired Mr H
to bring this business to a final close at the March Court, that I wish you
to give him the information requested by first Mail — The Notes of
Robins — on the Handy business, were renewed last fall — I have left them
for Mr Hazard to put in suit if not paid —
Since I left Boston, letters from Mrs Channing advise me of the receipt of
letters with bills, but does not say from whom — also a letter from Mr Bradish
I wish you to inform Mr B — and Mr Prime of my absence from Boston,
and that I shall on my return duly acknowledge letters recd —
Intend setting out to morrow's stage for Boston, if the

looking since at Mr Marchant's Acct I find it was recd by him 1813 — April — that
[illegible] have been the preceding — if so there will be due you 1813 — & 1814
