Dear Sir. Litchfield June 26th 1824

I send to you by Sheriff Beach a bundle for Mrs Humphreys. She may direct that they be sent by Water. But as some of the Papers may be injurious to her, I advise that they be sent by some private conveyance, or at least only by water to Providence, to avoid unnecessary risque at this season. They will not be immediately wanted and may be transmitted when convenient to you.

I am very respectfully
D. Sir.
Your obed. Servt.
