Dear Sir

Boston May 24 1827

I wrote you on the 12th instant covering three documents comprising such accounts as you wished me to make out from Mr Walter Channing's Books together with other papers tending to an elucidation of the enquiry you thought proper to point out — these papers were numbered 1. 2 & 3 — The packet was sent by a Mr Lincoln addressed as you directed but as so many days have elapsed since then I have felt a very natural solicitude lest the enclosures should not have [illegible] I wrote you by the same opportunity at much length my views of the various subjects as they presented themselves to my mind in the progress of the research, and requested you to favor me with a line intimating the safe delivery of the letter and its contents. Since which when I have followed this up with other documents — which I also now enclose you — these consist of (No 4) The assignment and Deed of Trust of the Derby Property — from Mr W Channing to your Mother — and (document No 5) a copy from Mr C's books of his method of arranging The unliquidated and outstanding Notes & Bonds of Dr Channing in March 1810 — and from which detail the short transcript which you left with me — was taken — You will perceive the copy I now enclose is much more ample and particular — The amounts of the Bonds & Notes assigned the Heirs being 57,645,83 — and those assigned Walter Channing 25,730,44 — As there is some doubt whether Mr C himself did not sustain a loss in part of those he took over — it was thought proper by Mr Sheard — that you should have a complete copy of this paper — in order to lead to further enquiry
