N York July 17 1827

I have to thank you my dear Sir for the remittance for my little bill - your letter having just come to hand -

I wrote you yesterday and sent off a copy of yr [illegible] with any answer from this letter to my last - when I shall have received a line from him I will impart the plan of future operations -

My respects to Mrs G - I earnestly hope the little one is not threatened with a serious sickness - & hope he is now better - Your sweet little bright eyed Girl quite won my old Bachelor heart - may she grow up and realize the fondest expectations of her affectionate parents!

I am with great regard
