New York Jany 14th 1828.

Dr Sir,

My brother W C G has agreed with Mr Bradish to pay him $ 1,500 Dolls for his claim on the estate of my father with that due from the Executors, & has proposed that we should give you full powers to execute the same which I am willing to agree to & if you will forward to me a power to enable you to make this settlement I will sign it and have it authenticated as you may direct, — — You mentioned that you were willing to discount the annuity due from the estate of my mother if desired; as money is scarce here I should be much obliged if you would discount $ 1000 on the annuity of the present year & remit me a check per post —

I have a note signed by James Hillhouse Esqr Treasurer of Yale College New Haven for 5000 Dolls & 6 per Cent. Interest due 1st Jany 1829 — could I get it discounted at Boston? if so I will forward it to you. —
