Newport June 30. 1833

Dear Sir

I have now only to say that the Offer made for your Lot was by one of the Committee for building a Congregational Church. some circumstances [illegible] suspended their operations for the present they have said nothing to me of late, when last spoken to they expressed a desire that the lot may not be disposed of without their knowledge and so the matter rest at this time. I hope your health continues to improve & that we shall soon have the pleasure of seeing you in Newport. our family join me in best respects to Mrs Gibbs and sincere wishes for your speedy recovery

Yours truly

Audley Clarke

Col George Gibbs

New York
