Litchfield July 20. 1817

My dear Laura

1817

I was delighted last Evening by a Letter from Col. Gibbs with your message on Genera Birth day. My heart responds to all your feelings and wishes on this interesting occasion. - May God bless and preserve you & may the present be a period of increasing felicity to us all.

I have been unwell & though I travel & move as usual, I cannot write or read much. I am getting better daily & subscribe myself your affectionate Father

O. Wolcott
