the residue of the hhd. wanted must be purchased with the Molasses —

Capt. Shaw arrived here a few days ago, he informs us there are some goods unsold which Messrs. St. Maria & Cuesta were a going to send back — we wish you to receive them & to get Mr. Cabrick to sell them for the most they would bring, as they would be of little or no value to be returned — Capt. Shaw informs us that by attending to the purchase of his own Cargo, he got Sugars at half dollars less than what the Merchants charged at the same time, also the allowance for slings & shaps the sugars were weighed in,

Sugars continue at the price and in the demand when you left here, but there being a large number of Vessels gone for this article their arrival may affect the price, that it may not be prudent to exceed the limits we gave —

The Russell was sold at Auction the 22d Decr. and purchased in by ourselves one half, & G. Champlin, J. Robinson, P. Clark & C. Gardner we are fitting her for Batavia — Audley Clark goes supercargo —

We have letters from Rathbone advising of his safe arrival, but to dull markets, & Coffee greatly advanced —

We have paid all the bills Messrs. St. Maria & Cuesta drew upon us —
