Boston Nov. 6. 1838

My Dear Madam,

Your favour of the 2d inst. came duly to hand, I am rejoiced that your son has returned so well — I have no doubt the property

I Have not any direction to pay any money from Miss Gibbs to any person, I presumed She had made some arrangements with some person in New York to receive dividend on Stock She owns in the Bank of America & pay over the money, to whom I do not know. —

If you wish for an advance on your own account or your Childrens of any part of the dividend due in January I will with pleasure send it to you. —

Mrs Francis & Daughter request me to tender their respects to you —

I am with respect

Yours sincerely —

Chs Francis.
