I find that the arrangement entered
into with Mr Schwemann - will not
be carried out by him on account
of my continued illness - I have
been kept in the dark - he has
advanced Schwemann Co & let
W Bros fall in arrears - I have no
recourse - but to let Mr Mitray arrange
the whole matter, & I have given him
power to do so - Now you will find
matters in entirely a different position
than what you expected, or what I
expected; I believe you have every confidence
in me & I have in you -, Now my
wishes are these immediately on receipt
of this letter - write to Mr Fletcher Mitray
the full account of your positions views
& wishes - tell him about your money

affairs & requirements - go fully into
detail in the same manner as if
you were writing a Brother, I have
told him that you would do so, &
requested him then to advise you
and act for you in the same
manner as if I were in his
place -. You can have perfect
reliance upon him as fully so
as upon myself - write him a
carefull letter, short and well
written, & manly. - I have full
hopes in your doing well - if my
life is spared - I pledge my right
hand to you - & my Brother Charles
here - has promised to back me up
