it came to $261 25/50 apiece this time
why it should be so much larger, you probably
know, I have not heard from
Alfred, but Wolcott says he has
gone on his Western trip, I would
have been glad to have given him
some pleasant introductions —
well, I have told you about
everything, here; I hope you will
have a very pleasant tour,
give my love to Lidy, say I
shall be very, very glad to see
her back again, I only hope
as I am growing rusty in my
foreign tongues, that she will
not forget all her English, love
to all the Children —

Yours always

Frank
