Newport Sept. 2 1830

Dear Sir

I rec'd your letter of ult 27th inquiring the proposed sale of the Jim Hale farm. As this has not been contemplated by me or as far as I know by any of the family, I wish to consult with them before giving a decided opinion on this subject. as just such funds are very high [illegible] no investment in lands which the like sum could be invested in there are strong reasons to prevent any change at present in the [illegible] of this part of the estate. I shall write to the family at Newport on this subject & will immediately give you our opinions

respy. yours

WG.
