I could fill up the Play house in June
Could I only just furnish new faces.

4th I have read my first stanza again
and find that for once I have erred
For Robert, & Matt were the men
Instead of Buchannan & Sherred.
Two Frenchmen the finest I've met
Quite at home in bad English & flummery
were there, just to make up the sett
Together with master Montgomery.

5th In addition to those I have named
Harry Cruger was there in his Glory
That ci devant jeune homme so famed
In Paris, but that's an old Story
And Lewis was there too by Jove
with two Vests and a new fashioned Eye Glass
He looked like the young God of Love
at distance beheld through a Spy Glass

6th Bishop Hobart said Grace with an air
I would have done your heart good to have seen him
and Lewis so neatly did swear
You'd have thought that the devil was in him
and Alderman Brazier began
a Song — but could not get thro' it; —
When Johnny R, asks me again
To a fete, by the Lord I'll go to it. — Croaker
