rather against selling but not very decidedly opposed to it — you Brother Wm afterwards informed me that you would give your consent — The Offer made Colo Jaques was on the express condition that all the Heirs gave their consent, If he can make out the money & conclude to make the purchase he will want the Deed immediately & if the Sale should meet your approbation Shall have the same made out & forwarded by you — I think the Sale a good one & the Interest of the money at the present low rate of Interest will be more than the Income of the Farm — The Brick business is falling off by [illegible] & the Income from the Pine Hills Farm has been from Clay Sold, this last will open very much — I shall be glad to hear from you on this Subject as soon as convenient —

I am with respect
