Newport Jany 9. 18[illegible]

Dear Sir

I received your favr with the barrel of apples & one for Mrs Champlin which were delivered in good order — I have not seen Mr Bailey but will attend to your request when I see him — I have made inquiries to find such a family as you want, willing to undertake the care of a farm but can find none with all the requisites. A young man Joseph T Perry who has worked on my farm one year, is willing to engage, for two hundred & twenty dollars pr year your paying his expences to & from Narragansett to your place — I can recommend him as able bodied steady and industrious, & of good capacity in making stone wall &c. I will make further inquiries, & you can let me know what you are willing to give — I thank you for the apples & am respt

Yours Audley Clark
