Astoria Oregon March 6th

My dear Mother

My friends Mr Allen Miller & his lady, the latter a relation of Jim's Palmer's, of whom you have heard me speak before, return to New York on account of Mrs Miller's health. I have particularly requested Mr Miller to send you his address, that you may call upon her. I need not ask for her at your hands all the attention you can show her, as you will only need to become acquainted with, to admire her. Tell Laura to give Mrs Mr some music & to fancy that I hear it through her ears.

Your son
