Geo. Gibbs Esqr

Boston June 8. 1833.

Dear Sir,

Your favour of the 3d Inst. came duly to hand - the bill on me in favour of Messrs. Osborn & Young has been paid & to you debit. — I have made application to Mr. Bowditch for the Notes & papers of Messrs. Newton & Champlin - he cannot find any Notes or papers touching the demand — I have made search among my own papers & am satisfied that I never had any - under these circumstances I do not know how any demand can be proved. — Mr Minturn I understand is now living in New York would it not be well to call on him or on Mr. L. Collins for information — you being on the spot can easily get the information, or you might request Mr. Kane the Brother in Law of Mr. W.B. Gibbs to obtain it as he has been consulted by him. —

I am with Esteem

Your Obt
