Boston July 17. 1833.

Colo George Gibbs,

Dear Sir,

I wrote you several days since informing you that it was my intention to be at Newport the last of the present Month — since I wrote I have been informed that you would not probably be able to be there on account of indisposition — I have this day closed the Income Account & find that the amount due to be 5425.94 Dollars your fourth part being 1356.49 is to your credit in the Annexed Account — the balance due you being 512.29 Dollars I have requested my friends Messrs Osborn & Youngs to pay you & take your receipt for the Dividend — It affords me much pleasure & satisfaction to be able to give so large a Dividend at this time. — If you should not be able to be at Newport I wish you would authorize your Brother or some other person to examine my Account & the Vouchers with the Evidence of property I now hold — this will save me some trouble & Expence in settling my account at the Probate office — I sincerely hope your health will permit your making a Visit on Rhode Island at the time I shall be there. —

I am respectfully
Your Obt
Elm Francis.

N.B. Since writing the above I have paid Mr R. Rogers 1000 Dollars
