Prof Silliman Esq

Dear Sir

I have caused to be packed & sent
— [illegible] Yale College
a cast of the late Gov. Wolcott, which I beg you
to present in the name of his family.
The bust was modelled during the past summer
by Shubael V. Clevenger of Cincinnati from the
cast made after death, & the portraits of Kelly
& Stuart & a sketch by R. Peale. The family
consider it a strong likeness & the head is undoubtedly correct, the Cranium being cast in
the original mould.
You will also find in the box a package for
yourself from Prof. Hare of Phila. Please to
present my compliments to Col Trumbull &
your family.

& believe me
Very respectfully yrs
Geo Gibbs
