to him on his return home? should he write to him upon the subject? has any thing been done about my theories? let Sir Hans know that I have written a paper upon the subject of his papers and that he proposed to have them read before the Royal Society. I intended to have given you my opinion of his papers and that he proposed to have them read before the Royal Society. I intended to have given you my opinion of them myself but found that I have not room, so that I must wait till my next. Tell Laura I have been once to the Opera House but found only a farce and a ballet. The interior of the building is really superb. Several of the Royal Family were present. The Opera costs about half a dollar, the admittance to the Theatre is nothing particularly worthy of notice about them. I shall attend but one course of Lectures for the present - that of Geology or Mineralogy. I have also my ticket of admission to the Royal Institution for which I paid 2 guineas. Tell Mr. I have plenty to say to him about the military here. also some a pretty large proportion of the inhabitants of this city. They are among the finest troops in the world. Yesterday there was a great parade of the whole military force in the city. It was quite an imposing sight as all the royal family with their suites were present. My paper is just out & I must state to you that I shall be glad to receive a few more articles from this city, & perhaps as I shall not be able to write by this next Steamer after the receipt of this. Love to all Yours truly W. G.

Should any letters arrive for me after I leave, I shall be glad to have them forwarded to me at Liverpool
