this by the Steamer of the 4th of August September or October as most convenient to you and then I shall receive your letter in time to reply to it by the 4th of the ensuing Months &c. Let me know all about New York, and our friends there, your occupations, excursions &c. Do you find yourself gaining anything? I believe that I am doing so and certainly stand here very steadily upon my own legs. Besides myself and our minister and Secretary of Legation there is but one American here a Virginian of whom I see but little. In the winter however there are usually quite a number, and I found it been when I arrived. Howard Glover is W.H.C getting on with your Father's life? and what has become of his investigations? is it still in existence. I need scarcely tell you to remember me to all at home and to thank Mary for her lines. You may thank her the gossiping part of my letter about. I believe Jones a good fund of it, and she shall hear more particularly from me hereafter. Let me know if there are any prospects of a Mrs H.F.C. I believe me Yours Very truly Wm Channing Wheelwright — P.S. If you write after the 4th of September, direct to care of Wolff & Co Berlin after that period to me at Berlin. What has become of our Contract the Canine?

This letter when done with to be enclosed in a half sheet & then returned to Mrs. G
