clean. This will interest Ap much. but common fine will require no alteration for the fine cotton. A plug of cotton is rammed down and then comes as usual wadding and plait a perforated cap completes the treating. The mode of preparing the cotton is not yet known, but the chief thing is nitric acid into which the cotton is pooked. I will tell you more about it when I know more about it myself. I do not very well know how you are to send to me in future unless to the care of my bookseller in Berlin. I should like the Sweatmeat very well but they would create me with difficulty and would have to pay a heavy duty. You can write I suppose as usual & direct to the airing. I think of going to Paris in March but I do not like to come home without seeing Switzerland. It is very unfortable that I shall visit it before my semester. Since of this through herewith I shall send my books and balance home in March and will then send Lama the Dictionary. I thank Charles Morris deeply surprised and desire to be fraternally commended to him. I am glad you think it likely that a Scottish party will be formed it is high time, and it must be an anti-slavery party at the same time or it will do nothing. John Bull appears to be setting hot water. Ireland, Prance, Spain, Russia, America. all are against him. They say we do Old John wrecklessly. I know some of these days. I am somewhat surprised that the Russes should prefer leaning to England and France. I rather incline to the French and do not believe them a whit more corrupt than the Germans. They are at least as honest. This talk about the honesty of the German character is one of the humbugs of the age. I have lived in Germany long enough to know better. Peter Porter has gone to Berlin he was much liked in Heidelberg. The new professorships in Yale amuse me much. What a remarkable coincidence in Morton being appointed to the professorship created by his father! Thornton Norton is a good fellow and I am glad of it. The professorship is not very richly endowed. Ap's letter was most welcome and shall be answered in due time. as also Wm's & next steamer. Love to Aunt Rutter and Sarah. I am truly sorry to hear of Aunt S's lameness. I must close now or I shall be too late. Best love to all
