I have no digested plans for you
and wish you to pursue in the
future with the same diligence
whether respite or a pain should
be your destination. In the mean
time all enquiries will be made
by Mr Fuchsman and ourselves to
enable us to act without rashness
I felt much confidence in the purpose
of your mind to act with manliness
Both may or may not go out again.
If you cannot govern your mind as
to pursue for Oregon without
either you want too much when
the fulfilment of your wishes
If will be wisest and best, one
some times takes a course when
that they have thought best
on the convinced it is best to
follow it up.
I was not willed of Dr Wood that
Elvira danced with us Thanksgiving day
and had the little girl baptised by
Mr Boyd Lamar Wolcott
We shall dine with her Christmas
and shall all miss our Frank.
If any one invites you to dance
accept by all means. Wolcott will
perhaps go to Washington for his week
of holiday - he will have one week
or more. Perhaps will not have time
to get out to see you.
Your Aunt Sarah has not paid for
the hogs. did you send the bill for
them? Thin Wolcott comes
home he will not find time to
go out to see you. but he will
leave for you at Dr Wares a little
Christmas or New Years box. Which
will contain some agreeables of
knives, and my good Boy all of
you have any lady friends among
of the Misses Kahn I shall
like much to have them sent
or carried by you. Elvira
comes up tomorrow to dine with
her Christmas. I wish I could
my boy. but I give him a kiss
and many Christmas. Mother.
